

Oligarchs

How does the system of control work?

“Permit me to issue and control the money of a nation and I care not who makes it’s laws”
 Mayer Anselm Rothschild, Founder of the famous House of Rothschild
 2005 - There are now only 5 nations on the world left without a Rothschild controlled central bank: Iran; North Korea; Sudan; Cuba; and Libya.

The greatest trick the aristocrats ever played was to make the world think that the oligarchies no longer exist.

Methods of Control

These methods are used to control individuals who are in positions where they can carry out the directives of the oligarchs. But the same methods are used against the entire population through the social institutions: Education, church, media, police and military, political process.

Cultural Programming - Mind control

This is accomplished and maintained through social institutions e.g education, media. These are “The Believers”. Need minimum of 30% in this category to be fully indoctrinated in the system in order to maintain control of the entire system.

This is the best and most effective method of control. No rewards or punishments needed. **If you can control what a man thinks you don't have to worry about his actions.**
